6. **Chakra and Subtle Bodies Restoration**

Animals, in common with all other living beings, have a chakra system. They have 8 Major chakras, 21 Minor chakras and 6 Bud chakras. The Brachial chakra is the main energy center in all animals and links directly to all other chakras. Pets which have a strong, healthy link with their human companions usually have a vibrant Brachial chakra, as it is the center where the animal-human bond is formed and carried. Our Quantum device detects and sends quantum signals to remove blockages and restore all the levels of animals chakras and subtle bodies to perfect balance.
